

Create the **Gift** of a Custom Phone Background

Make copies of the template on the following page and distribute to students. Invite students to use the coloring utensils of their choice to create the gift of a personalized work of art for friends or family. For best results, fill the entire space.

Options for completed artwork:

- Scan artwork, save, and email to students/families
- Send artwork home with students to scan/photo on their own
- If students have their own phones, they can use a photo or scanning app, then send the image to loved ones to set as their background or lock screen

Character Strong

Custom Phone Background Instructions

Create a picture, design, and/or message. For best results, fill the whole rectangle space. When complete, use a camera or scanning app to capture the image. Send the image to loved ones along with instructions to set the image as a background or lock screen.
